Vincent Dostie, M.Sc., CPA, CFA

Vincent is a co-founder of Mount Murray Investment. He has been managing the Emerging Markets Equity strategy since its inception and has 19 years of investment experience. Vincent started his career at Ernst & Young as an auditor and subsequently as a senior analyst in the Transaction Advisory Services group. He then was an equity research associate for Merrill Lynch in London and RBC Capital Markets in Montreal. At CDPQ from 2005 to 2009, Vincent established and managed profitably long/short equity global macro funds of more than \$1B under management, generating significant alpha with low risk. He then held responsibilities as associate director of Capital Markets at Bell, as director of business development in a startup hedge fund with a well-known investment strategist, as a portfolio manager at an emerging alternative asset management firm investing in options-based strategies, as well as vice president of investments in a multi-family office managing portfolios across asset classes for ultra high net worth clients. These roles have provided him with hands-on experience and valuable insights on fundamental research, alternative asset management, active risk control, a corporation's perspective and understanding investors' objectives.
